Report For

INTRA – DEPARTMENTAL ACTIVITY

“Igniting Minds 2025: From Expert Insights to Student Excellence”

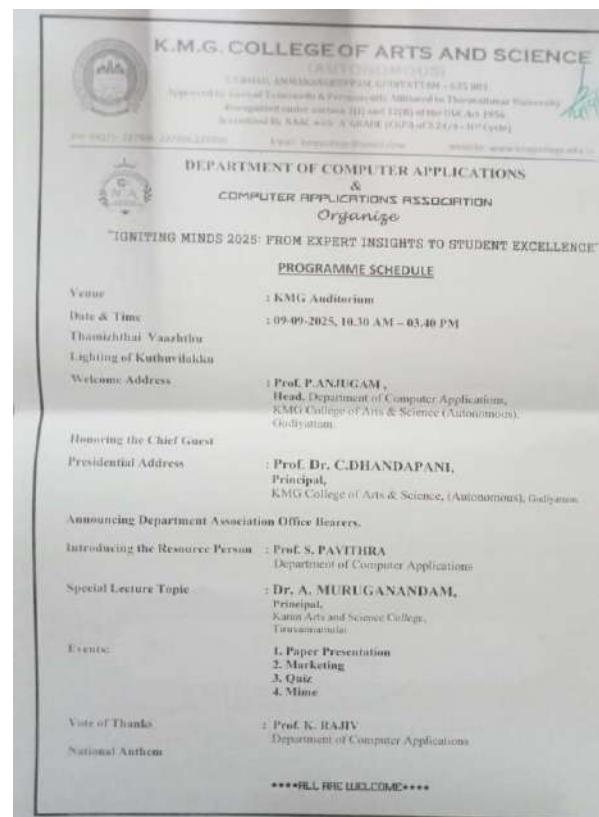

Date: 10-09-2025

The Department of Computer Applications and the Computer Applications Association of K.M.G. College of Arts and Science (Autonomous), Gudiyattam organized a one-day programme titled **“Igniting Minds 2025: From Expert Insights to Student Excellence”** on **09th September 2025** at the KMG Auditorium. The programme aimed to enrich students with expert knowledge, motivate them for academic and professional excellence, and encourage active participation through various competitions.

The programme began with the invocation of Thamizhthai Vaazhthu, followed by the lighting of the Kuthuvilakku, signifying the auspicious beginning of the event. Welcome Address was delivered by Prof. P. Anjugam, Head, Department of Computer Applications, who warmly welcomed the dignitaries, faculty members, and students. The Chief Guest and Resource Person were honored during the session.

The Presidential Address was delivered by Prof. Dr. C. Dhandapani, Principal, KMG College of Arts & Science. In his address, he highlighted the importance of skill development and innovation in the field of computer applications and motivated the students to make use of such academic platforms. Prof.S.Pavithra, Department of Computer Applications to introduce our resource person. The Chief Guest, Dr. A. Muruganandam, Principal, Karan Arts and Science College, Tiruvannamalai, delivered a special lecture. His insightful talk on the theme of the

programme emphasized emerging trends in computer science, the role of research in higher education, and the significance of creative problem-solving in shaping the future workforce. The session was highly interactive, with students actively participating in the discussion.

As part of the programme, several academic and cultural events were organized to showcase students' talents:

1. Paper Presentation – Students presented their research and innovative ideas on recent developments in computer applications.
2. Marketing – A creative event that encouraged students to showcase their entrepreneurial and marketing skills.
3. Quiz – A knowledge-based competition testing students on computer science, general awareness, and logical reasoning.
4. Mime – A cultural event highlighting social themes through performance art.

Outcome of the Programme, the event proved to be an enriching and motivating experience for the students. The expert lecture provided valuable insights into academic excellence and professional development, while the competitions encouraged creativity, innovation, teamwork, and leadership among the students. The events witnessed enthusiastic participation from students, with winners being awarded prizes. Vote of Thanks was proposed by Prof. K. Rajiv, Department of Computer Applications. He expressed gratitude to the management, principal, faculty members, guest speaker, organizing committee, and students for their support and active participation.

The programme concluded with the National Anthem.
